

PROGRAMME CARDIOVASCULAR TRAINING COURSES, October 11th – 15th 2021
“Vascular Biology & Pathology”

Monday, October 11th:

| | | |
|-------------|--|------------------------|
| 10.00-11.00 | Arrival at Papendal; registration lodgings; distribution of readers, programmes etc. | |
| 11.00-11.15 | Plenary opening | |
| 11.15-11.25 | General introduction | Imo Höfer |
| 11.25-12.10 | Embryology and angiogenesis | Ferdinand Le Noble |
| 12.15-13.00 | Function and dysfunction of the endothelium | Mathijs van Meurs |
| 13.00-14.00 | Lunch | |
| 14.00-14.45 | When it goes wrong and vessels become inflamed | Jaap van Buul |
| 14.50-15.35 | Inflammation and atherosclerosis | Marjo Donners |
| 15.40-15.55 | Coffee or tea break | |
| 15.55-16.40 | The covid interplay. How do endothelial cells, smc and leucocytes interact | Menno de Winther |
| 16.40 | Evaluation | PhD students (website) |
| 16.50-17.35 | Patient participation | Inge Schalkers/patient |
| 19.00-20.30 | Dinner and get acquainted | |

Tuesday, October 12th:

| | | |
|-------------|--|-------------------------|
| 08.30-09.45 | Moderated Poster sessions | PhD students |
| 09.45-10.15 | Coffee or tea break and preparation Poster session I | |
| 10.15-11.00 | Lipid metabolism and atherosclerosis | Patrick Rensen |
| 11.05-11.50 | Modeling microvascular disease in vitro | Anton Jan van Zonneveld |
| 12.00-12.30 | Lunch buffet (foyer) | |
| 12.30-13.30 | Poster session I (Foyer – odd numbers) | |
| 13.30-14.15 | Diabetes | Ed Eringa |
| 14.20-15.05 | Vascular calcification and kidney disease | Leon Schurgers |
| 15.05-15.20 | Coffee or tea break | |
| 15.20-17.15 | Workshop popular science communication | Ronald Veldhuizen |
| 17.15 | Evaluation | PhD students (website) |
| 17.30-17.45 | Posters and drinks | |
| 17.45-19.15 | Dinner | |
| 20.30-22.00 | Sports activities (assembling at the reception at 20.00 h) | PhD students |

Wednesday, October 13th:

| | | |
|-------------|---|------------------------|
| 08.30-09.15 | Sex and gender in CVD | Hester den Ruijter |
| 09.20-10.05 | Microscopy | Joachim Goedhart |
| 10.05-10.20 | Coffee or tea break | |
| 10.20-11.05 | Long noncoding RNA and vascular aging | Reinier Boon |
| 11.10-11.55 | In-situ cardiovascular tissue engineering | Carlijn Bouten |
| 12.00-12.30 | Lunch buffet (Foyer) | |
| 12.30-13.30 | Poster session II (Foyer – even numbers) | |
| 13.30-14.15 | Microcirculation and stroke | Ed van Bavel |
| 14.20-15.05 | Carreer path: research or clinic (or both) – advise | Committee |
| 15.05-15.20 | Coffee or tea break | |
| 15.20-16.05 | Patient discussion | Matijs v Meurs |
| 16.10-16.55 | Smooth muscle cells in vascular disease | Vivian de Waard |
| 16.55 | Evaluation | PhD students (website) |
| 17.15-17.45 | Posters and drinks | |
| 18.00-19.30 | Dinner | |
| 20.00-21.00 | Keynote lecture. | |

Thursday, October 14th:

| | | |
|-------------|--|------------------------|
| 08.30-10.00 | The artherosclerosis interplay assignment | Jan Lindeman |
| 10.05-10.20 | Coffee or tea break | |
| 10.20-11.05 | Critical reflections from the epidemiology | Jan Lindeman |
| 11.10-11.55 | Big data | Saskia Haitjema |
| 12.00-14.30 | BREAK (packed lunch in foyer) | |
| 14.45-15.45 | Feedback on your poster | Committee |
| 16.00 | Evaluation | PhD students (website) |
| 16.30 | Drinks and departure | |

Friday, October 15th: TEDMED – Online!

| | | |
|-------------|-------------------------------------|-----------------------|
| 09.00-09.55 | TEDMED talks | Selected PhD students |
| 09.55-10.10 | Coffee or tea break | |
| 10.10-11.00 | TEDMED talks | Selected PhD students |
| 12.00-12.30 | Lunch | |
| 12.30-13.15 | Oral presentations selected posters | Selected PhD students |
| 13.15-13.30 | Awards | |
